

AWAITS "BUG COMMISSION"

Thaw Says He Is Prepared to Stand Examination.

IS PREPARING STATEMENT

To Show Justice Fitzgerald That He Fully Comprehends Trial and Is Able to Advise His Counsel.

New York, March 21.—Craig Wadsworth, second secretary of the American embassy at London and the man who recently gave out an interview regarding the actions of Harry Thaw, Evelyn Nesbit and Mrs. Holman in London in 1905, arrived here today on the steamer Oceanic. It is believed that he is the much discussed "missing witness," on whom Jerome is counting. District Attorney Jerome said that he knew of Wadsworth's arrival, but his coming had no connection with the district attorney's office.

It was reported today that Thaw is preparing a history of his case to be submitted to Justice Fitzgerald as showing he has fully understood all the proceedings, and is able to advise his counsel, but it is said that the attorneys have decided not to allow the statement to get out of their hands.

Thaw says: "I'm insane, who is sane? I'm ready for this bug commission."

Appeal for Commission.

The blow of which Thaw has been in terror ever since the trial for the murder of Stanford White began, fell yesterday afternoon. District Attorney Jerome did not make formal application for the appointment of a commission in lunacy, but in an impassioned speech he appealed to the conscience of the court, asserting that Thaw as he sits daily in court is unable intelligently to advise his counsel, and is believed by everyone who has watched and come in contact with him, to be insane.

Mr. Jerome asserted that his own assistants—the six men who testified for the state—were convinced when they had considered all the facts in connection with the case that Thaw was of unsound mind. Mr. Jerome dramatically accused the counsel for the defense of concealing testimony which, if present to the court, would make the continuance of the trial a crime.

So earnestly did he plead that Justice Fitzgerald dismissed the jury until Friday morning and adjourned court until two o'clock this afternoon, when he announced he would consider whatever evidence either side presented at that time, but nothing was heard from him until noon, when the police were called in. While they were preparing to move him he died.

ROBBERY OF \$400,000 FROM AMERICAN MAILS

Man Named Bullock Is Being Held in Paris on Suspicion Refuses to Talk About Case.

Paris, March 21.—A man named Bullock, held here under suspicion of being involved in the theft of \$400,000 from the American mails on the liner La Provence, declines to talk with newspaper men. He is unable to account for \$42,000 in securities found in his possession and the police believe that through him they will find that others were implicated.

GIRL SOLD FOR \$100.

Charge by the Friends of Mayne Begonian.

Worcester, Mass., March 21.—Claiming that Mayne Begonian, aged 14 years, had been sold for \$400 by her father to Asador Shadagian, industrial friend of the young girl in the Armenian colony, are trying to have the marriage annulled and they have applied to the police to help them.

The marriage took place Saturday night and the ceremony was performed by Rev. Mr. Kattian, an Armenian priest, to whom it was represented that the girl was 18 years old, and these figures were on the marriage license procured earlier in the day from City Clerk E. H. Towne.

The case has been referred to Chief of Police David A. Matthews, but he says he is powerless to act unless a warrant is issued in the case, and Mayor Edward T. Raymond, clerk of the district court, has been applied to for a warrant and he is considering the matter.

According to the story told, the home relations of the girl have not been pleasant, owing to the presence of a step-mother, and she had been ordered from the house. She appealed to District Attorney Jerome, and he made an engagement to meet her at the city hall Saturday to get her a work certificate. He was at the city hall, but she failed to appear and he learned that she had been married to Shadagian. An investigation is said to have shown that Shadagian, who is a grocer, had made overtures to the girl's father for her hand in marriage, and that the price agreed on was \$100.

LICENSE COMMISSIONERS.

Appointments Made for Bennington Co.—Four Wet Towns.

Bennington, March 21.—The assistant judges of Bennington county court yesterday announced the appointments of license commissioners for the four towns of this county that voted yes at the annual March election, as follows: Bennington, S. H. Rockwood, Frank Battles, J. S. Brett; Arlington, William F. Wilson, Charles Canfield, R. H. Andrews; Woodford, T. J. Mallory, Charles Wood, James Higgins; Sunderland, George Burt, Edward Ward, Edgar Pike.

WOULDN'T LET HIM SKATE.

So Negro Sues Proprietor of Lynn, Mass., Casino.

Lynn, Mass., March 21.—The proprietors of the Casino skating rink have been sued in criminal action by Abraham C. Clements, a negro for refusing him admission on account of color.

GRAVE REVEALS MURDER.

Skeleton Found in Old Grave From Which Original Body Had Been Taken

Binghamton, N. Y., March 21.—In removing the bodies from the old cemetery in this city yesterday afternoon workmen discovered the skeleton supposed to have been murdered, buried about 18 inches beneath the surface, in an old grave, from which the body was removed about five years ago. Sexton Lloyd says that he remembers that a short time after the original body was removed from the grave he noticed that the dirt had been dug freshly, but supposed it was the work of mischievous boys.

The skeleton is supposed to be that of a man who was murdered about five years ago, the body was buried in a piece of carpet, in which the bones were found today, and buried by the murderers in the reopened grave. No trace of the crime was ever discovered and there was nothing to indicate the identity of the murdered man.

By a strange coincidence this discovery was made in the lot adjoining the one in which the famous murderer, Edward Ruloff, was buried after his execution 35 years ago. The next body removed after finding this evidence of murder was that of Ruloff, whose headless skeleton was found just as it was buried.

ENGINE SHRIEKED FOR FORTY MILES

People in Bennington Thought There Was a Great Fire But There Was Only a Broken Valve Spring.

Bennington, March 21.—The people were considerably excited all over the village yesterday afternoon by the continuous blowing of a whistle from an engine in the Rutland railroad yards. The whistle kept up for 20 minutes and people thought that a severe fire was raging.

It was learned later that the racket was caused by the breaking of a spring making it impossible to shut off the steam. The locomotive was running south on the road between Rutland and this place, drawing an express passenger train.

The whistle broke near the South Vallington street about 45 miles north of here. From there to North Bennington, more than 40 miles, the engine kept up a continuous shriek. At North Bennington, another locomotive was attached to the train.

BROUGHT HOME ILL.

Eddie Pritchard of Fairhaven Dies Suddenly in Newburyport.

Newburyport, Mass., March 21.—Eddie Pritchard of Fairhaven, Vt., died suddenly at his boarding house here yesterday. Pritchard was brought to the house Tuesday evening by a companion and was not feeling well at the time, but nothing was heard from him until noon, when the police were called in. While they were preparing to move him he died.

GOES TO GOVERNOR.

Anti-pass Measure Which Has Troubled New Hampshire.

Concord, N. H., March 21.—A bill prohibiting the issuance of free passes by the railroads of the state to members of the Legislature, state officers, judges and officials of all courts, county sheriffs, solicitors and commissioners and delegates to the nominating convention of political parties was passed by both branches of the New Hampshire Legislature yesterday.

It is understood that Gov. Floyd will promptly sign the measure. A penalty consisting of a fine not less than \$100 and not more than \$1,000 is provided for the legislator or officer using or soliciting a pass and for the railroad issuing such a pass.

VALUABLE PAINTINGS ORDERED RELEASED

Appraised at \$17,250—They Were Seized For Alleged Fraudulent Entry Into United States.

St. Albans, March 21.—Seven valuable oil paintings, appraised at the local customs post at \$17,250, which were seized about three months ago for alleged fraudulent entry, have been released by the United States court, and by order of the secretary of the treasury will be forwarded at once to Plattburgh for adjustment of values and collection of duties.

ARRESTED IN MANILA.

Theodore V. Halsey, Who Is Charged With Bribery.

San Francisco, March 21.—Theodore V. Halsey of the Pacific States Telephone Co., who was indicted for bribing ten supervisors with \$5,000 each to refuse a franchise to a rival home telephone company was arrested in Manila yesterday by Secret Service Agent Trowbridge, according to word received today. The cable says that Halsey has waived extradition and that Trowbridge will bring him back at once. It was reported last night that Reuf and Mayor Schmitz planned to fight. Secret service agents are taking precautions to render escape impossible.

FIVE BODIES IN RUINS.

Fall of Lining of Iron Furnace at Woodward, Ala.

Birmingham, Ala., March 21.—A telephone message from Bessemer says that the lining of a new furnace of the Woodward Iron company at Woodward, which has been undergoing repairs, fell yesterday and hundreds of tons of brick and mortar buried a number of workmen. Five dead bodies have been taken from the debris. Dempsey Haynes, a white man, and four negroes are the known victims.

FIRE WIPES OUT A HOUSE

The Emslie Double Tenement North of the City

LOSS ESTIMATED AT \$5000

Hand Chemicals Stayed the Flames for a Time, But Finally Were of No Avail—Most of Furniture Was Saved.

The two-story and basement house, owned by the Emslie estate and located near the Emslie greenhouse, was destroyed by fire today, causing a loss estimated at \$5,000, with insurance of \$3,000. Nearly all the movable furnishings were saved through the efforts of the neighbors and members of the Barre fire department who responded to a telephone call. The families of John Mercer and Mrs. Charles Emslie occupied the house, which was a well-constructed building put up about five years ago.

The flames were discovered pouring from the roof of the house at a quarter past ten this forenoon by telephone linemen who were out repairing wires. The occupants of the house were at once notified. It is not possible to state the exact cause, but it is supposed that the flames caught from the chimney. The neighbors soon rallied and assisted in carrying out the furniture, there being no fire fighting apparatus. A telephone message was sent to the Barre fire station and Chief Gladding and two firemen drove the two and one-half miles to assist. (The house is located in the town of Berlin, between this city and Montpelier.)

When the local firemen arrived the house was past saving with chemicals, but with the use of six of the hand machines the flames were stayed for a time while the neighbors and the workmen from the Emslie stone shed went over the house and took out the furnishings. Had there been one stream of water from a hydrant, the flames could have been wiped out in five minutes, but as it was the help was called for nothing but the hand chemicals were used. The flames were practically nothing lost, although some pieces were broken in the hurried removal. The furniture carried an insurance of \$500.

Soon the entire building was wrapped in flames, and by 11:30 there was nothing left but the foundations, the work of the fire having been completed. The Barre fire department team was used to carry the goods to safe places, after the futility of the hand chemicals was seen. The occupants of the house were taken in by neighbors.

The burned building was the second one from the greenhouse and located directly on the electric car line.

DEADLOCK CONTINUES BETWEEN JUDGES

Agree on Two License Commissioners for Barre, and Can't Get Together on the Third.

Assistant judges Winch and Wells of Washington county were in conference up to the opening of county court at Montpelier at two o'clock this afternoon, but failed to agree on a board of license commissioners for Barre City. This is the last day under the law in which the commissioners can be appointed, the statute saying that in towns voting to license the sale of liquor the commissioners shall be appointed within sixteen days of the date of the election.

It is understood that the judges have agreed on two of the commissioners, but have a different opinion of the third. They will get together again following the adjournment of court for the day at five o'clock, and another attempt will be made to settle the matter. In case no commissioners should be appointed, it is a question whether any could be appointed after the sixteen days.

The will of the majority of the people of the city would of course be thwarted if no commissioners are named and consequently no licenses granted. Some legal opinions are that the courts would construe the appointment of commissioners as a matter of course, that consequently there would be more time allowed.

LEAVE BANK BOOKS.

Burglars Get \$500 Worth of Property in Malden, Mass.

Malden, Mass., March 21.—Burglars with skeleton keys entered the house at 23 Spring street some time between 4 and 6 o'clock yesterday and made away with property valued at about \$500.

They ransacked the rooms of Miss Cornelia Broadhead and W. S. Davis on the second floor. From Miss Broadhead they took two diamond sticks, a gold locket set with pearls, two diamond rings, two gold watches and \$10 in bills. They found two bank books in a bureau drawer, but they left them behind on the floor.

The property stolen from Miss Broadhead is valued at \$430, while Mr. Davis lost two diamond rings worth \$50.

MARSHFIELD.

Services will be held as usual at the M. E. church next Sunday.

Harvey Sahan is working for G. E. Buss in the Livestock stable.

Mrs. Mary Atkins of Cabot is working for Mrs. S. Swedger this week.

The regular meeting of Marshfield company, no. 12, U. R. K. of P., will be held next Saturday evening. Captain Field desires to see every member present.

Albert Mears is stopping at the home of his brother, Mark, and assisting in the store in the absence of the regular clerk, W. H. H. Mears.

B. R. Novnes has leased the A. R. Cole sugar place and as usual Ben has the first of all on the job, and had his buckets scattered previous to the storm. We wonder where they are at this writing.

The rural carriers had a day off last Wednesday, after making an attempt to make their rounds. Each got about a mile from the postoffice and were obliged to return on account of deep snow-drifts.

Unless there should be a cyclone, an earthquake, a thaw or some other earthly reason, the box party, heretofore advertised, will occur on Friday evening. Don't let anything usual hinder you from being present.

The programme for Sunday, March 24, at the Congregational church will be as follows: 11 a. m. preaching, subject, "The Last Enemy"; Sunday school at 12; Juniora meet at 2:30 p. m. in the vestry; at 7 p. m. C. E. service, subject, I Thes. 1:2-3; at 7:30 preaching, subject, "Stars."

The rank of knight, worked in the long form, was conferred upon a candidate, at the regular meeting last Monday evening. The regular degree staff was assisted by a detachment of Marshfield company, no. 12, U. R. K. of P., in uniform, also Rev. F. E. Currier of Cabot, a member of Damon lodge of Danville.

PLAINFIELD.

Rev. S. G. Lewis of St. Johnsbury was in town Monday to attend the quarterly conference of the M. E. church.

Dr. Herbert Townsend and son of Bridport were in town Wednesday to attend the funeral of Herman Townsend, also H. F. Cutler and mother of Barre.

George Bennett and Napoleon Bennett have tapped three hundred maple trees and made two gallons of no. 1 syrup on the Weller farm on the 16th of March.

A WHARF AND A FILTER.

Were Voted by Burlington's Citizens Yesterday.

Burlington, March 21.—The voters in city meeting yesterday voted to pledge the credit of the city for a sum not to exceed \$100,000 for the purpose of constructing or purchasing, and maintaining a public wharf; and also to instruct the city council to comply with the recommendation submitted to the board of aldermen by the special committee on filtration plant, recommending the installation of a mechanical plant. The vote was taken by ballot.

The balloting was by wards, each ward being provided with two boxes, one for the votes on the wharf question and the other for votes on the filtration plant question. The ballots read simply "yes" and "no," the vote being on the adoption or rejection of the resolutions introduced. The result of the ballots was announced at 8:30 o'clock.

The whole number of votes cast on the wharf question was 1,050. Of this number 571 were yes and 479 no, making the majority in favor of bonding for the wharf.

The whole number of votes cast on the question of the kind of filtration plant was 1,053. Of this number 581 were yes and 472 no, making the majority in favor of a mechanical filtration plant 100.

TEACHERS GET A RAISE

Of One Dollar a Week Beginning Next Fall

VOTED THEM LAST NIGHT

School Board Reorganized by the Election of H. G. Woodruff as Chairman and L. R. Hutchinson as Secretary.

At the meeting of the city school commission last evening the board reorganized for the year by electing H. G. Woodruff as chairman and L. R. Hutchinson as secretary and made an important move by voting to increase the salaries of all the grade teachers of the schools one dollar a week beginning with the opening of the next fall term. This matter of a salary raise has been pending for several years, and the increase would have been granted last year had the commissioners felt the financial standing to be such as to warrant it. The teachers have not been receiving so much as those of the surrounding cities of the same rank. For example, in Montpelier the minimum annual salary is \$400, while in Barre the maximum has been \$395. The salaries in Rutland have been low, as in this city, but last fall a raise was made. Barre has lost several good teachers recently because of the low salaries paid, but most of the teachers have remained loyal to the schools, and that in spite of the fact that the living expenses in the city have been increasing.

The present standard of wages was set about seven years ago, and has been maintained with the exception that a short time ago the rule was made that after three years' service the teachers would receive one dollar a week additional. Half, at least, of the teaching force are three-year veterans. It has been the custom to start the teachers at \$10 per week, although some of the ones were taken on at \$9. The maximum salary is \$11 per week, and under the new order the maximum will be raised to \$12, with the new teachers started at perhaps \$11. This change does not apply to the high school teachers, who are on a different basis of pay.

The efficiency of the teaching force has not only been maintained, but bettered. Now the commissioners aim to get normal school graduates or high school graduates who have had experience in teaching. The raise will affect probably 45 teachers, and make an increase to the cost of the schools of about \$1,700 or \$1,800 annually.

The change in the organization of the board was made by the refusal of Alexander Gordon to serve longer as chairman and because of the resignation of Frank W. Nichols. Mr. Gordon has served longer than any other man as chairman of the board and has given the work his closest attention. The board would have been pleased to have him remain at its head, but he insisted that someone else take the place. So Mr. Woodruff was chosen. This is Mr. Woodruff's second year as commissioner, and it is certain that he will make a capable head of the board. Mr. Hutchinson, the new secretary, was recently appointed as commissioner in the third ward to succeed F. W. Nichols, resigned.

GILMAN I. JACKSON DIES IN THE SOUTH

Former Barre Merchant Moved to Georgia Three Years Ago—Remains Will Be Brought Here.

A message was received in this city this morning announcing the death last night of Gilman I. Jackson at Tallapoosa, Georgia, where he had resided for the past three years. Mr. Jackson, who was 68 years of age, was born in Williams-town and came to Barre nearly 40 years ago, where he was engaged in running a grocery store in the building on North Main street which was called the "Brown Ark" and which stood where the L. M. Averill block now stands.

After this he ran a general store in the building now occupied by Kendrick's drug store, which was then called the "blue store." After leaving this place he engaged in trade in a building on Church street which stood where the Church street schoolhouse now stands. Then he was in the mercantile business for a time, after which he was again in the grocery business with Joseph M. Taft in the "blue store" for several years, finally moving to the opposite side of the street to the Wood block, occupying the store now rented by F. D. Ladd & Co. After selling this store, Mr. Jackson engaged for some time in the coal business.

During the past ten years Mr. Jackson had been compelled to spend his winters in the south, owing to ill health, and about three years ago he moved to Tallapoosa.

He was prominent in the affairs of the town and had served as hallif, constable and selectman. He is survived by his wife, three sisters, Mrs. Myra Prescott of Williamstown, Miss Mary Jackson of Williamstown, and Mrs. Albina Jackson of Lexington, Mass. He was a member of the Masonic fraternity.

The remains will be brought to Barre for interment, but the funeral arrangements are not yet completed.

GOLF CLUB OFFICERS CHOSEN FOR SEASON

James Reid Was Elected President at The Annual Meeting Which Was Largely Attended Last Evening

A large number of members attended the annual meeting of the Barre Golf club, held last evening at the city council chambers in the City hall, and organized for the coming season of the favorite game. The officers elected are as follows:

President, James Reid.
Secretary, H. G. Woodruff.
Treasurer, Miss Mary J. Wright.
Executive committee, F. W. Nichols, James Mackay, Frank Delagano, B. B. Bailey and the three officers above named.

The president was empowered to appoint a collector to assist the treasurer in collecting the annual dues. He will also name the various committees soon after the golfing season will open as soon as the weather permits. The greens to take the ball. It is hoped that the links on the Dodge farm may be somewhat improved this summer.

The secretary reported that the club has a membership of 85 at the present time, and the treasurer made the pleasing announcement that they were in good standing with respect to the payment of dues. Many new members are expected, among them will be a few good golfers from Scotland, the home of the game.

This is the seventh year of the Barre club.

BUSY TIMES NOW.

State Officials Having Hands Full With Spring Business.

Montpelier, March 21.—Foreign insurance companies desiring to do business in the state are sending in their applications to the state treasurer. The law gives them until April 1 to do this. Those that have already applied are the Aachen & Munich Fire Insurance company of Germany, the London State of Liverpool, the Liverpool and Globe of London, the London Assurance corporation of England, and a dozen or more from Canada. All the 150 foreign companies doing business in Vermont are obliged to apply for licenses and with their application to send to the state treasurer a list of their agents in Vermont.

The analysis of the samples of beer sent to the secretary of state proving satisfactory in the case of the Springfield Brewing company of Springfield, Mass., Secretary of State Fleetwood has issued this concern a license to do business in this state. The license fee of \$750 accompanied the samples of liquor, as did the necessary bond. Others whose applications are held up are pending a report from the state laboratory at Burlington of samples of liquors submitted are the Temple company of New York, S. Bolton & Sons, Troy, N. Y., Fitzgerald Brothers, Troy, N. Y., and the Conway company, New York.

The secretary of state has received at his office at the State House the license blanks for the admission of foreign creamery companies to do business in this state. A law passed by the legislature of 1906 provides that before such companies can be licensed to do business in Vermont, they shall file with the secretary of state a sworn statement of the amount of their capital stock, also a certified copy of charters and by-laws.

Several applications have been received this week at the office of the secretary of state for the new automobile markers provided for in the automobile law passed by the legislature of 1906. This law provides that each machine shall carry two markers, one in front and one at the rear of the vehicle. Cars that are now registered will be supplied with an additional marker without extra expense. These markers will be ready to send out in a few days.

SHRINKING SPRING ARRIVED TODAY

At One o'clock According to the Calendar, But the Reception Was Anything But Warm.

Beautiful, skipping, glad some Spring arrived this afternoon, clad in furs and walking on snow shoes.

At one p. m. by the town clock the sun skidded across the equator and started on its trip northward. But what a sight met his eyes!

Thermometers hovering about the freezing point and the land wrapped in a garment of white, which must have cleaned out the contents of Dame Nature's "white sale."

But to cut out the metaphors, spring arrived by the calendar this afternoon and will continue to the same date in the month of June. Still it would not be well for Vermont people to be misled by the calendar in the wearing apparel. Remember the admonition of the ground hog on last Candlemas day that there's six weeks of winter and "mair." The six weeks have gone and we're getting the "mair."

DR. BOARDMAN DEAD.

Was One of the Best Known Physicians of Montpelier.

Dr. H. S. Boardman, one of the best known physicians of Montpelier, died this morning. The cause will be held from Bethany church in this city Sunday afternoon at two o'clock.

The deceased had been ill for some time with organic trouble. The end came at 3:30 this morning.

Dr. Boardman was born in Middlebury October 25, 1815, and was a graduate of Middlebury college in 1837 and from the Cleveland Homeopathic hospital, after which he practiced in Cambridge, Woodstock and Ludlow, coming to Montpelier in 1885. He has been a leader in state homeopathy and was prominent in Bethany Congregational church.

Denies Report of Suit.

Bennington, March 21.—S. F. Lake, who was married to Mrs. Jennie Bulling, was asked about the \$50,000 alimony suit which his divorced wife, Mrs. Grace Lake, is reported to have instituted against the present Mrs. Lake.

He stated that no suit had been brought.

WILL BAR OUT MONUMENT

Barre Granite Memorial to Mary Rogers.

WILL NOT BE ALLOWED

Augustinian Fathers in Charge of Hooisick Falls, N. Y., Cemetery Inform Eugene Sullivan & Sons That Grave Will Be Unmarked.

An absolute refusal to allow a monument to be erected to the memory of Mary Rogers, the husband-murderer, over her grave in the Hooisick Falls, N. Y., cemetery, has been made by the Augustinian fathers, who have charge of the cemetery, and they have today notified Eugene Sullivan & Sons of this city, the manufacturers of the monument, to that effect. Their letter is as follows:

"Hooisick Falls, N. Y., March 20th, 1907.
Messrs. Eugene Sullivan & Sons,
Barre, Vt.

"Gentlemen:—

"I am informed you intend to place in our cemetery a stone over the grave of Mrs. Mary Rogers. I write you now to inform you no such stone will be received in our cemetery. You may notify any one interested that no stone of any kind will mark her grave while her body is in our cemetery.

"Respectfully yours,
"Rev. F. A. McCraney."
"O. S. A."

The monument is now completed at the plant of Mr. Sullivan and sons, except for the placing of the inscription on the granite tablet. The firm received a tentative order for the Rogers monument several months ago, and soon began work on the monument. It is the monument, as it stands today, is eight feet high, measures three feet and six inches across the front and is three feet deep. It is rough-faced with the exception of a large polished scroll extending from the top to the bottom. A spray of flowers, the handiwork of Gaeta Mai, a skilled carver, adorns the top of the monument. The manufacturers were awaiting the order to cut whatever inscription was desired when the letter was received from the Augustinian fathers at Hooisick Falls.

The order for the monument, which was made by a man and woman who wished their identity concealed, but who are said to be persons greatly interested in the case of the unfortunate woman, has not yet been countermanded, and the manufacturers are holding the monument for word from them. It is expected by the manufacturers that if the monument is refused by them that the loss will be made good. The monument is a salable one, and can easily be disposed of, since the polished scroll has not been marred with an inscription.

The refusal of the cemetery authorities to permit the monument to stand in their cemetery to the memory of the Rogers woman is said to be partly due to the wishes of the family of the unfortunate person, her mother and sisters, who have moved from Hooisick Falls to Massachusetts, having expressed the desire to remove as much as possible the reminders of the whole affair. The Rogers woman was hanged at the Windsor state prison a year ago for killing her husband, Marcus Rogers, the execution following one of the most sensational legal battles ever known in Vermont.

SHRINKING SPRING ARRIVED TODAY

At One o'clock According to the Calendar, But the Reception Was Anything But Warm.

Beautiful, skipping, glad some Spring arrived this afternoon, clad in furs and walking on snow shoes.

At one p. m. by the town clock the sun skidded across the equator and started on its trip northward. But what a sight met his eyes!

Thermometers hovering about the freezing point and the land wrapped in a garment of white, which must have cleaned out the contents of Dame Nature's "white sale."
